

Music Theatre

At Aspire students will develop an understanding of the broader arena of music theatre. They will be skilled in the four disciplines of singing, dancing, acting and creating- The Quadruple Threat! Music Theatre students develop the ear of a musician, the body awareness of a dancer, the imagination of an actor, and the vision of a director. Students will be trained to respond creatively to scripts and songs, will learn ensemble and solo singing in a range of musical theatre repertoire, acting technique for both spoken and sung dialogue, and in ensemble and individual dance in a variety of styles. This class is also excellent for self-confidence and personality development. It is advised that students wanting to study Musical Theatre also join our Drama class, as these two classes work together to offer students the complete well rounded set of performance skills.
